REPORT OF FULLER PUBLIC LIBRARY

Report for the Year Ending Jan. 31, 1941

We gratefully acknowledge the many gifts of books and periodicals received.

It was very fortunate that Mrs. Ricard could avail herself of the opportunity to attend the two weeks' course in Library Science at the University of New Hampshire during July. She has brought back much of profit to the Library.

"My Bookhouse," a collection of famous stories for children and "Smithsonian Scientific Series" have been purchased during the year and should prove valuable additions to the Library.

The sum deposited in the Amoskeag Savings Bank amounted to $413.45 on January 1, 1941.

WHITE PINE BLISTER RUST CONTROL

White Pine Blister Rust control as conducted in this town during 1940 by the State Forestry & Recreation Department and the Federal Bureau of Entomology was a part of a nation-wide program of protecting white pine growth from a bark disease, which, though not spectacular, represents a very serious menace to this tree if not controlled. Throughout the northeastern states, where white pine is especially important, counties, towns, cities and individual owners have cooperated with State and Federal agencies. In the Far West, upon the National Forests and holdings of large lumber companies, Blister Rust control is recognized as a necessary practice in growing white pine. Recently, the Federal Government reaffirmed and emphasized the need of White Pine Blister Rust control by the passage of an act authorizing financial assistance to such states as are carrying on control measures. All towns and their citizens are strongly urged to cooperate with the State and Federal governments in their efforts to maintain control of this destructive disease.

The following financial statement shows expenditures made in this town during 1940 for Blister Rust control by the agencies indicated. Persons interested in the detail of control work and the life history of Blister Rust may receive a circular by applying to the State Forester, Concord, N. H.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and the Citizens of the Hillsboro Town School District:

Herewith I present my sixth annual school report for your consideration.

School Organization

School Board: Andrew Sargent, chairman; Miss Mary K. Pierce, secretary; Anton Johnson.
Supt. of Schools: Vincent Gatto, Ed.M.
School Nurse: Mrs. George S. Bailey, R.N.

Teaching Staff

School	Teacher	Salary	Enrollment
Center	Catherine Tasker	$950 00	18
Flat	Gladys Murdough	950 00	22
L. Village	Georgiana Gile	950 00	17
Merrill	Florence Callahan	900 00	13
U. Village	Grace Crane	950 00	27

Music Supervisor, Frances Shaughnessey, salary $750.00

The following pupils had perfect attendance for the year 1939-1940:

Center School, none reported.

Lower Village: Estelle R. Clough, Frederick A. Clough, Ellen E. McClintock, Raymond G. Rivard.

Flat School: Barbara A. Crane. Virginia M. Lougee; Rita O. Grimes, Lawrence W. Powell, Richard Crane, Donald E. Grimes.

Upper Village: Edward Sweeney, Edith Murdough, Roy Butler.

Merrill School: None reported.

A number of pupils had perfect attendance for one or more periods.

The ones recorded here had perfect attendance for the entire year.

The following pupils were graduated from the elementary schools of the Town District in June, 1940: Kenneth A. Bumford, M. Doreen Daymond, Margaret A. Devoy, Edith E. Durgin, George H. Edwards, Leon W. Farrar. A. Lillian Frans, Everett T. Howard, Rita G. Murphey, Raymond G. Rivard, Ruth J. Seaver.

General Discussion

One of our problems this year has been that of furnishing water for drinking and washing purposes to the schools. I have had the water of the town well at the Center, and that of the well in the field just below the school at the Lower Village, analyzed by the state chemist. Both were not recommended for use in their present condition. A thorough cleaning of the wells would render the water in question safe according to the reports received. The neighbors help out at the Lower Village. The teacher brings water from home for the Center school. At the Upper Village we stopped getting water from a nearby house. We now get it from a well in a field on the Washington road, a short distance from the school. The Merrill school is supplied by a well in a nearby field. The Flat school gets its water from a neighboring house. The school board and I have given some thought to this matter. Nothing definite has been done. We should be glad to have this question properly discussed at the next annual meeting of the school district. An interested public and some appropriations would without question help solve the problem.

Another situation which we must face and do something about is the toilets. They do not meet modern standards of sanitation. Many one-room schools throughout the state use septic toilets which carry no odors, and do not freeze in the winter. When once installed all the care which septic toilets need is the pouring in of a pail of water a day. Such toilets have been installed in the West Deering school. I have observed them for two years, and I feel safe in recommending them.

Th problems discussed are as old as the New Hampshire rural school. The water and toilet situations in

ninety per cent of the one room schools in New Hampshire are not any better than ours. The time is now ripe for school districts to take progressive measures to remedy conditions which present day standards have outgrown.

In other respects the schools are in very good condition for the school board have faithfully maintained them in good repair, and satisfactory sanitation.

The schools are doing more than just teaching fundamentals. A great deal is being accomplished in the way of citizenship, health, child guidance, games and appreciation of religious and patriotic holidays. and for the social life of the schools, all aiming at laying a truly American cultural background and way of life.

Respectfully submitted,

VINCENT GATTO,

Superintendent of Schools.

SPECIAL SCHOOL DISTRICT WARRANT

State of New Hampshire

To the Inhabitants of the Special School District in the town of Hillsborough, qualified to vote in district affairs: You are hereby notified to meet in the High School Building in said District on Friday, the fourteenth (14th) day of March, 1941, at seven o'clock in the afternoon to act on the following subjects:

Article 1. To choose a moderator, clerk and treasurer for the ensuing year; one member of the School Board for the ensuing three years; and any other necessary district officers.

Article 2. To hear the reports of the Board of Education, Treasurer, and other officers and committees heretofore chosen and pass any vote relating thereto.

Article 3. To see if the voters of Hillsborough qualified to vote in a meeting of the "Special School District" will vote to appropriate and raise the sum of twenty-five hundred dollars ($2,500) for the purpose of completing the gymnasium in the present high school building, originally intended to be completed, according to the original plans, but left unfinished as to ceiling, walls, heating and balcony.

Article 4. To see if the district will vote to make any alterations in the amount of money required to be assessed for the ensuing year for the support of public schools, and the payment of statutory obligations of the district, as determined by the Board of Education in its annual report.

Article 5. To choose auditors, agents or committees in relation to any subject embraced in this warrant.

Article 6. To transact any other business that may legally come before said meeting.

Given under our hands this twenty-eighth day of February in the year of our Lord, Nineteen hundred and forty-one.

We estimate the required amount for the school year, July 1, 1941 to June 30, 1942, to be $30,289.98, details of the amount to be found in the proposed budget of the Hills-

boro Special School District. This is approximately the same as in preceding years. We expect receipts of about $4,000. This leaves a balance of $26,289.98 to be raised by taxation.

In the past year several improvements have been made, especially much needed ones at the high school. A hot water system has been installed by Mr. Matthews, supplying hot water to the Home Economics room, teachers' room, manual arts room and to three new showers in the boys' basement and one in the girls' basement.

With the cooperation of Mr. Beard of the Public Service Co. a street light was installed in front of the high school and new indirect lighting in the gymnasium. Several new typewriter desks were purchased for the Commercial Dept.

At the elementary school the painting program has been completed by Mr. Mosley at a considerable saving to the district. The tops of the desks in one room were planed and refinished.

We wish to express our gratitude to the Superintendent and members of the teaching staff for their cooperation during the year.
